

TERMS of SERVICES & PRIVACY POLICY

The company MRICONS LTD (hereinafter referred to as “MRICONS” or “we”) offers its products and/or services under the following Terms of Services (collectively the “Agreement”) that constitute a legal agreement between you and MRICONS. By accessing, browsing to and registering at the following site, you warrant and represent that you are at least 18 years of age, that you have read and understood the terms and conditions and you agree to be legally bound by the Agreement and the Privacy Policy set forth herein just as if had signed them.

If you do not agree to all of these Terms and Conditions, you may not use these services.

This Agreement was last updated on May 25, 2018. MRICONS reserves the right to amend the agreement from time to time.

Any use of the amended terms shall have immediate effect.

Terms applicable to the Post-Processing Services

Scope of the Services

The content of this website relates to services offered by MRICONS to healthcare professionals.

The following agreement refers to the Website found at: <https://online.mricons.eu> and legally binds MRICONS clients that are users of MRI systems. When rendering our services, users as soon as the registration process is completed, log into the online platform at <https://online.mricons.eu> and gain access to the post-processing services. Users have the option to upload MRI images on the platform in order MRICONS to produce advanced post-processing reports.

Intellectual Property

Any and all content of the website including but not limited to, the MRICONS registered trademark, service mark, domain name, industrial designs, logos, patents, databases, images, photographs, icons, texts, layout, graphics and code are protected by Cyprus Copyright and Intellectual Property Law and are owned by MRICONS or third parties authorized by MRICONS to modify the software.

The company hereby, grants users a limited, revocable, non-exclusive, non-transferable license to access, use and display the software, the database, the services, and all of its proprietary elements for their own personal and non-commercial purposes. All rights not expressly granted to users are reserved. Unauthorized use of any such trademark, service mark, logo, meta-tag or any “hidden text” utilizing MRICONS name without its prior written consent, constitutes a violation of Cyprus Copyright Act.

Disclaimer

MRICONS may take all reasonable and appropriate measures so the data and information contained in the site are complete, accurate and reliable. However, the company does not guarantee the completeness, currency, accuracy, reliability and quality of data and information that users upload at its website. Users are encouraged to confirm the information they provide at the online platform. Content downloaded from or uploaded to the site is done at users’ sole discretion and risk. MRICONS does not represent or warrant that the site will be uninterrupted and it is not liable to users or any other third parties for loss or damage suffered.

Content

MRICONS is not responsible for comments users post at its discussion board and shall not be held liable for any information contained in its website which has inaccurate, false, menacing, indecent, defamatory and offensive content. The transmission or attachment of messages or information that lead or may lead to criminal or civil liability is prohibited. MRICONS states that it will work with any police or judicial authority, so as to

reveal the identity of any user who publishes or transmits such material. MRICONS reserves the right to modify the website and remove at any time, any content that finds offensive, fraudulent and inappropriate or in violation of the Terms of Services set forth herein.

Medical Content

Please keep in mind that this website is addressed to users of MRI systems and qualified healthcare professionals. The Service provided by MRICONS does not substitute in any way, any professional advice or treatment. While MRICONS hopes to be helpful with the online-post processing services offered, users should trust their own clinical judgment as health care professionals and accordingly evaluate medical results. Clinical tools and databases provided herein are complementary to medical advice. Information extracted from the use of this Service should always be confirmed with other medical sources before deciding on treatment. Professional health care users are the only ones responsible for making the final decisions on medical cases. MRICONS cannot be held accountable for medical decisions as it only provides users with a technical service for the enhancement of MRI images.

Data and information found on this website, are created by users with a license to practice medicine and as such users are obliged to obey the rules of medical ethics respecting patients' confidentiality. MRICONS following the data protection rules laid down by the Cyprus Data Protection Authority automatically deletes patients' data seven days after examination has been uploaded.

Use of the site

Users should refrain from posting inappropriate content or transmitting unsolicited chain letters or "spam" and other illegal material.

Users acknowledge and agree that the post-processing services provided to them by MRICONS, contain strictly confidential medical information and they are not permitted to copy, download, publish, redistribute, reproduce, modify and sell any of the content for commercial or any other purposes whatsoever.

Termination

MRICONS reserves the right to suspend or terminate, temporarily or permanently, the account of a user at any time and take appropriate legal action, if a user violates the terms and conditions of this agreement in any way. MRICONS shall not be held liable for any damages or losses caused by such alteration.

Governing Law

In the event of a dispute concerning the following services, the contractual terms of this document shall be submitted to the exclusive jurisdiction of Cyprus courts applying the Cyprus Law.

PRIVACY POLICY

The personal information which are described in the following paragraphs are stored and used by MRICONS personnel in MRICONS premises or through secured VPN connections.

A. **MRICONS** will not ask any personal data while you 're using the online post-processing platform except for the following data that will be used for registering the medical company in the platform:

- **Medical Company Title or First and Last Name** of the medical company employee which will use the post-processing platform.
- **Contact Email** of the medical company. If a generic email is not existing, it can be used instead a medical company employee email. The employee should be the one that will use the post-processing platform .
- **A Company Telephone Number** if MRICONS Personnel needs to contact the medical company employee.
- Optionally, the First and Last Name of the director of MRI Department should be supplied to **MRICONS** in order to be included at the footer of the post-processing report, in case the medical company requests for.

The medical company employee can access through his profile all collected data and may correct them.

In order to delete a profile, the medical company authorized personnel should send an email to the privacy@mricons-support.eu and the company will comply within a maximum duration thirty (30) days.

You have the following rights in relation to your personal information maintained by MRICONS:

Your right of access

If you ask us, we'll confirm whether we're processing your personal information and, if so, provide you with a copy of that personal information (along with certain other details). You can also see directly via your profile link which information we're using.

Your right to correct information

If the personal information we hold about you is inaccurate or incomplete, you're entitled to have it corrected. You can also correct directly via your profile link your personal information.

Your right to "be forgotten"

You can ask us to remove your personal information in some circumstances such as where we no longer need it.

Your right to restrict information

You can ask us to 'block' or suppress the processing of your personal information in certain circumstances such as where you contest the accuracy of that personal information or you object to us processing it. It won't stop us from storing your personal information though. We'll tell you before we lift any restriction.

Your right to data portability

With effect from 25 May 2018, you have the right, in certain circumstances, to obtain personal information you've provided us with (in a structured, commonly used and machine readable format) and to reuse it elsewhere or to ask us to transfer this to a third party of your choice.

This security policy is consistent with Cyprus Law n (N. 138(I)/2001) , (N. 37(I)/2003) , N. 105(I)/2012) and decisions of the Cyprus Data protection Authority (<http://www.dataprotection.gov.cy/>).

B. **MRICONS** logs the following parameters in the post-processing database, from an MRI Examination:

- Patient Code: An unique code that is generated by the user during the identification process exclusively at the premises of the medical company
- Medical Company
- Post Processing Examination Types that has been requested by the user

MRICONS deletes the following parameters in the post processing database, after seven (7) days from the day that the examination was initially stored in Patient Code

MRICONS stores examination DICOM files and transmitted reports for at most seven (7) days after the day that the examination was uploaded by the user in database.

MRICONS truncates the database log file every week and keeps the database backup for one week at most.

Data Collection and Privacy Policy (DCMROUTER)

"DICOM Router" (DCMROUTER) is a Software Application, deployed and used by medical centers, for anonymizing locally selected patient medical data (e.g. MRI examinations) and subsequently for securely transmitting those over a network to the company's (MRICONS) secured servers for post processing. The application is deployed on a workstation, inside site's internal network, and is constantly running at the OS level, ensuring its 24/7 operation. The end user can directly submit his medical data for processing directly from the medical device or PACS in use.

For ensuring Patient/Examination data **confidentiality and integrity**, a **de-identification process** has been implemented in DCMROUTER side.

For each dicom file arriving in DCMROUTER more than 240 DICOM Tags from its header are de-identified, adopting the guidelines provided by DICOM Supplement 142 Annex A1. This supplement is an international standard for de-identification of data in medical image files. The user may request more detailed information regarding the type of DICOM Tags that are been de-identified by sending an email to the following address : it_support@mricons-support.eu

Automatic collection of Information/Cookies.

MRICONS collects personal customer data, which are automatically recognized by the web server, such as the IP address, the domain name as well as information related to their computer system. These data, however, are not related in any way to customers' personal data that are kept on our files without prior consent.

The website <https://online.mricons.eu> uses cookies for storing specific data. The data stored on cookies are: IP address, Session number ID, Customer ID. These are session and functionality cookies that facilitate at the user authentication. MRICONS does not allow at its website any tracking or third party advertising cookies.

Transfer of Data

Users Personal Information (Email) will be used in case a detailed report of number and type of post processing exams is requested. We do not transfer users' personal data to third parties or the State without users consent and in special circumstances we respond to duly authorized information requests of governmental authorities or where required by law. In addition, MRICONS will use any information necessary in connection with adverse events reporting.

If you think that personal information has been accessed and/or disclosed in an unauthorized fashion from our site, please inform as by sending an email to : privacy@mricons-support.eu.

Medical Company is obliged to inform MRICONS in advance regarding any potential changes of its corresponding users.

Security and Confidentiality

MRICONS takes every possible security measure to prevent vulnerability and ensure data confidentiality, integrity and availability by following PCI standards and using SSL certificates. Our company follows a strict security policy while applying the most modern techniques of protection of personal data held in files from unauthorized access, use or illegal disclosure, unauthorized modification, intentional or unintentional damages. The company has no liability if personal data kept in the archives cause injury or damage to property or moral of data subjects.

Changes in this privacy statement

MRICONS may update this privacy statement to reproduce changes to our information practices. If we make any material changes, we will notify you by email (sent to the e-mail address specified in your account) or by means of a notice on <https://online.mricons.eu> prior to the change becoming effective. We urge you to periodically review this page for the latest information on our privacy practices. The present privacy statement is part of the terms and conditions agreement and is construed according to the relevant terms of the latter.
